

CURRICULUM VITAE

PATRICIA ROMERO LANKAO

1. Educational information

1998 - PhD, University of Bonn, Germany, Agricultural Sciences and Environmental Policy, *Probleme der Realisierung umweltpolitischen Strategien in der mexikanischen Landwirtschaft* (Problems in the Implementation of environmental policy strategies in the Mexican Agriculture). Advisor: Thomas Kutsch.

1997 - PhD, Autonomous Metropolitan University (UAM), in Regional Studies and Public Management, *Políticas públicas y posibilidades de reorientación ambiental de la actividad industrial en la ciudad de Mexico* (Public policies and environmental transitions in the industrial sector (Mexico City's textile industry). Advisor: Etelberto Ortiz Cruz.

1991 - MSc, Autonomous National University of Mexico (UNAM), 1991, Sociology, *Historia de las obras de abastecimiento de Agua y Drenaje de la Ciudad de México y de su Impacto Socioambiental* (History of Mexico City's water systems and their socioenvironmental impact). Advisor: Manuel Perlo Cohen.

1986 - BS, Sociology, *Coatzacoalcos-Minatitlán, Proceso Histórico de Transformación Ecológica y de Creación de un Entorno Humano* (Historic process of creation of a human environment), UNAM. Advisor: Lisy Fajardo.

Speaks Spanish, English, German and Italian fluently; understands French

2. Professional Positions

2006 – present: Scientist III, Leader of Resilient and Sustainable Cities, Research Applications Laboratory and Institute for the Study of Society and the Environment, NCAR

2006 – 2008: Deputy Director, Institute for the Study of Society and the Environment, NCAR

1998 – 2007: Associate professor (Profesor titular) on urban development environment and governance issues, group on public policies and management, UAM (on-leave from January 2008)

1992 – 1998: Assistant Professor (Profesor asociado), group on public policies and management, UAM

2002 (Aug) - 2003 (May): Visiting professor, Latin American Studies and Udall Center for Studies in Public Policy, University of Arizona

2001 (June - Aug): Visiting professor, Institute fuer Wirtschaftsgeographie, University of Bonn

1999 (June - Aug): Visiting professor, Institute fuer Wirtschaftsgeographie, University of Bonn

1993 – 1995: Columnist on cities, water, and development, Reforma Newspaper

3. Community service

International Scientific Bodies

Intergovernmental Panel on climate Change

- Member of the Scientific Steering Committee for the IPCC Expert Meeting and Group on Human Settlements and Infrastructure
- Coordinating lead author, “Impacts of Climate Change on Industry, Settlement, and Society”
- Lead author, Working Group II Contribution to the Intergovernmental Panel on Climate Change Fourth Assessment Report, Summary for Policy Makers
- Lead author, Working Group II Contribution to the Intergovernmental Panel on Climate Change Fourth Assessment Report, Technical Summary
- Invited participant, Expert Meeting on The Science to Address UNFCCC Article 2 including Key Vulnerabilities, Buenos Aires, Argentina

Global Carbon Project

- Lead author, *Global Carbon Project. The Science Framework and Implementation*, IGBP-IHDP-WCRP-DIVERSITAS

UN-Habitat and Rockefeller Foundation

- Lead author, Chapters 1, 2 and 7 of the 2011 Human Settlements Report on Cities and Climate Change
- Issues paper “Cities and Climate Change: Review of Current Issues and Trends.” Overview of the current state of affairs in terms of what is known and uncertain

about cities and climate change, basis for the 2011 Global Report on Human Settlements, which will focus on the theme of *Cities and Climate Change*

- Background paper on "Climate change and the Role of Cities" as part of *2008 State of the World's Cities Report*
- Background paper on building for climate change resilience in developing countries for "The Rockefeller Foundation Urban summit: *Innovations for an Urban World.*" Conference held in Bellagio, Italy, July 2007

National Academies (US)

- Ad hoc committee created by the *Board on Atmospheric Sciences and Climate* of the National Academies to identify lessons learned from past assessments to guide future global change assessment activities of the U.S. Climate Change Science Program (CCSP), 2006-2007

IHDP/IGBP/WCRP, currently Future Earth

- Member of the Steering Scientific Committee of the Global Carbon Project sponsored by the International Human Dimensions Program on Global environmental Change (IHDP), the International Geosphere-Biosphere Program (IGBP) and the World Climate Research Program (WCRP), and in charge of designing and implementing a research agenda, 2001-2008
- Member of the International Scientific Planning Committee of the 1st International UGEC Science & Practice Conference to be held in Phoenix Arizona US in October 2010 (UGEC is the IHDP Urbanization and Global Environmental Change project)
- Member of the UGEC scientific steering committee

US and North America Carbo Programs

- Member of the Steering Scientific Committee CarboNA is a joint government-level initiative between Canada, the US and Mexico whose goal is to establish greater cohesion across North America in the fields of carbon pool and greenhouse gas flux dynamics and of carbon related mitigation strategies, through the identification of continental-scale priority issues and promotion of collaborative research in areas of common interest and complementary expertise
- Member of the Steering Scientific Committee of the U.S. Global Change Research Program

Reviewer for Journals

Global Environmental Change, Proceedings of the National Academy of Sciences, Natural Hazards, Journal of the American Planning Association, Environmental Research Letters, Current Opinion of Environmental Sustainability, Climate and Development, Política y Cultura, Estudios Demográficos y Urbanos, Gestion y Política Publica

Grant Proposal Reviewing

NASA's "Land Regional; Agriculture, Forestry, & Rangelands; and Carbon Management peer review panel for carbon cycle science"

NSF, NOAA/SARP funding proposals

Editorial/Advisory Positions

Editorial Board, *Climate and Development*, 2008- ongoing

Editorial Board, the Journal *Current Opinion in Sustainability* 2009- ongoing

Member of Significant Opportunities in Atmospheric Research and Science (SOARS)

Steering Committee, 2007 – 2011

Member of NCAR Director's Internal Science Advisory Committee 2011 - 2013

Editorial Board, Journal of Politics and Culture, UAM, 2002-2006

Advisory Board of Green Peace Mexico 1999-2004

Advisory board, Master in Public Policies, UAM, 1999-2003

Management/leadership positions

Urban Futures (before Resilient and Sustainable Cities), NCAR, 2009-today

Deputy Director, Institute for the Study of Society and Environment, NCAR, 2006-2008

Coordinator of undergraduate program on Public Policies, UAM, 2003-2005

Chief of research group on public policies, UAM, 2000-2002

Selected professional memberships

American Geophysical Union

Mexican System of Researchers

Mexican Carbon Program (member of the steering committee)

Mexican Council for Climate Change

Student and Academic Program Advising

- Mentor of Andrew March, student assistant January 2010 – present
- Mentor of John Tribbia, student assistant at ISSE October 2007 – September 2009

- Mentor of Raphael Nawrotsky (used his research participation as a student in ADAPTE to support a Masters Degree at Andrews University, summer of 2009).
- Mentor and research advisor for graduate students Maria de Lourdes Romo (PhD in 2006), Francisco Platas (Masters in 2006), Carlos Arturo Baños Lemoine (Masters in 1998), Guadalupe Jiménez Hernández (Masters in 2002)
- Mentor and research advisor for undergraduate students Griselda Günther (2006), Laura Martínez Olvera & Claudia Muñoz Vivero (2005), Enrique Cervantes Choy, Javier Luna Ochoa, Belén Ramos Martínez & Myriam Rodríguez Armenta (2002)

Teaching (Metropolitan Autonomous University)

- Urban development and the environment, graduate Seminar, Metropolitan Autonomous University Xochimilco (UAM), 2000-2006
- Neoliberalism and the Environment, graduate seminar, with Diana Liverman, University of Arizona 2003
- Rural development and the environment UAM, 2000-2006
- Environmental Economy and Policy, UAM, 2000-2006
- Environmental Policy in Mexico graduate seminars, UAM, 2000-2006
- Design and coordination of inter-faculty and inter-university short courses on environment and development for medium- and senior-level public servants and managers in private enterprises, 1999-2001
- History of Mexico, undergraduate seminars, UAM , 1992-2006
- Sociology of Science undergraduate seminars, UAM, 1992-2006
- Classics of Social Theory undergraduate seminars, UAM, 1992-2006
- Classics of Political Theory, undergraduate seminars, UAM, 1992-2006

4. Honors and Awards

- 2010, nomination for the NCAR-2010 Outstanding Publication of the paper Romero Lankao, P., J. L. Tribbia, and D. Nychka, 2008: Development and

greenhouse gas emissions deviate from the ‘modernization’ theory and ‘convergence’ hypothesis. *Climate Research*, 38, 17-29.

- 2008 **Leopold Leadership Fellow**. The Leopold Leadership Program advances environmental decision-making by providing academic scientists with the skills and connections needed to be effective leaders and communicators
- Recipient of the **2007 Peace Nobel Prize** together with Al Gore and hundreds of scientists and scholars authoring different components of the IPCC Assessments on climate change impacts and adaptation
- 2007 **Latina Leader Award in the Category of Science** from the Congressional Hispanic Caucus Institute and Congresswoman Hilda L. Solis
- Member of the **Mexican National System of Researchers**: during 1994-1998 as Candidate; during 1998-2000 level I, and during 2001-2008, level II
- Fellow, 8th cohort of the Program Leadership for Environment and Development (LEAD International) (1999-2001)
- Serfin Bank National Environmental Prize (Premio Serfin del Medio Ambiente), 1992

5. Research Grants

(Dollar figures indicate total costs over full grant period)

Current grants

- NSF’ Partnerships in International Research And Education (PIRE) Grant led by Anu Ramaswami (University of Minnesota), Marian Chertow (Yale), Ted Russell (Georgia-Tech), Paty Romero- Lankao (RS-Cities, NCAR), Chris Weible (University of Colorado Denver) and Rachelle Hollander (The National Academy of Engineering, NAE)
- RCN: Low Carbon Cities: New Innovations at a New Spatial Scale (NSF)
- **Patterns of vulnerability and resilience across cities within** The Data Conservancy: A Digital Research and Curation Virtual Organization, \$19,999,704 (\$3,500,000 sub-award to NCAR), November 2009-October 2014, Co-PI (PI G. Sayeed Choudhury, Johns Hopkins University)

- NOAA, “Moving Forward: Adaptation and Resilience to Climate Change, Drought, and Water Demand in the Urbanizing Southwest and Northern Mexico,” \$300,000 2008-2010, Co-PI (PI: Bob Varady, U. of Arizona)

Completed grants

- Inter-American Institute for Global Environmental Change, “Adaptation to the health impacts of air pollution and climate extremes in Latin American cities” ADAPTE (Buenos Aires, Bogotá, Santiago and Mexico City), 2008-2011, \$230,000, PI
- National Institute of Ecology “Towards a Program to Foster Research on Climate Change in Mexico,” 2004, \$5,000, PI
- IAI, IHDP, the National Institute of Ecology and Metropolitan Autonomous University, “First International Conference on Carbon Management at Urban and Regional Levels: Connecting Development Global Issues,” Mexico City, September 4-8, 2006, \$55,000 PI
- Inter American Institute for Global Environmental Change, “Can Cities Reduce Global Warming? Urban development and the carbon cycle in Latin America,” 2004, \$25,000.00
- START, Hewlett Packard, “How Local Governments Manage Global Warming? Institutional Settings and Carbon in Mexico City,” \$20,000, 2003, PI
- IHDP-University of Bonn “Annotated Bibliography/Inventory related to research on human dimensions of global environmental change in Mexico,” 1999, \$2,000 PI
- Complementary grant-scholarship, Ford, John D. and Catherine T. MacArthur, and William and Flora Hewlett Foundations, field survey in Mexico for 2nd Ph.D. Dissertation in Agricultural Sciences and Environmental Policy, 1996, \$10,000
- Grant-scholarship, Konrad-Adenauer-Stiftung, second Ph.D. and dissertation in Agricultural Sciences and Environmental Policy at Bonn University, Germany, 1995-1998, \$10,000
- Grant-scholarship, Mexican Council for Science and Technology (CONACYT), first Ph.D., and dissertation on Regional Studies, 1992-1994, \$10,000
